Products:

Surgicare Sterile Surgical Gloves - Latex Powdered 7.0 Pack of 25 pairs

Description:

Surgicare®Prepowdered gloves is made from Natural Rubber Latex. The glove is anatomically shaped with thumb ball effect, reducing hand fatigue during surgical procedures. The precision design fit and micro rough surface provides optimum comfort and better instrument grip without compromising on sensitivity. Surgicare Prepowdered gloves provides excellent barrier protection for both doctor and patient.

Features:

- Sterilized in a validated process cycle to achieve sterility assurance level of 10-6, and air wash cycles to reduce sterilant residue to less than 4mg/unit.Chemical residue almost nil, eliminates risk of Contact Dermatitis - Type IV Allergy.
- Lightly powdered with Modified Bio-Absorbable Corn starch to prevent wound infections and granulomas.The protein content is less than 200?g/dm2 to reduce the risk of user being sensitized to Latex Protein Allergy Type 1.
- Manufactured in a clean environment to achieve low bio burden level prior to sterilization. This achieves low Pyrogen level after sterilization
- Manufactured in a clean environment to comply with EN 556 & ISO 13485 requirements. Standards ASTM : D-3577-2019 & EN 455-1:2020, EN 455-2:2015 & EN 455-3:2015, ISO 10282:2014 & IS 13422.Registered with US FDA (510K).CE Mark - MDD Class Ila / PPE Cat. III. Quality 100% Inspected.Passes viral penetration test - ASTM F 1671:2013.AQL 1.5 for pin holes.
- Recommended for all surgical procedure All Surgeries Downloads Flyer Instruction for use Product SpecificationsWhere to buy
